

## DENTAL LAB TECHNOLOGY

### Class Offerings

Instruction in the Dental Lab Technology program is individualized. A student may enroll when a vacancy occurs and exits the program when the desired proficiency level has been attained.

### How To Apply for the Dental Lab Program

Applicants must complete an application and provide the campus with a copy of one of the following for proof of education:

High School transcript/diploma, college transcript/degree, or GED certificate/scores.  
Applicants must also provide proof of MMR and Varicella vaccinations.

### Class Schedule

Class meets Monday through Friday from 7:45 a.m. to 2:15 p.m.

### Cost of Training

For the costs of the Dental Lab Technology program, please refer to the expense sheet available on the school website. The costs include tuition, textbooks, supplies, and tools required for the program.

*NOTE: Equipment, textbooks and supply kits MUST be purchased on Registration Day.*
