

CareHarmony

## Are You a **Qualified MA** or **LPN** Looking for a New Challenge?

Healthcare is evolving, and CareHarmony is transforming care coordination — pushing the limits and paving the way to establish new care delivery models. CareHarmony was created to ensure that all patients, especially the chronically ill, have the support they need between office visits. Our team uses the latest innovations in care coordination tools to deliver personalized, high-touch care.

We are looking for team members who are passionate about caring for the patients and families that we have the privilege to serve. We are actively hiring a wide variety of team members, including **Licensed Practical Nurses (LPNs)** and **Medical Assistant\* (MAs)**.

We seek team-oriented professionals who are motivated and impassioned to help those in need.

\*Medical Assistants need to be nationally certified or registered.
