LPN Various Clinics (FT & PRN)

Discover Vanderbilt University Medical Center Located in Nashville, Tennessee, and operating at a global crossroads of teaching, discovery and patient care, VUMC is a community of individuals who come to work each day with the simple aim of changing the world. It is a place where your expertise will be valued, your knowledge expanded and your abilities challenged. It is a place where your diversity of culture, thinking, learning and leading is sought and celebrated. It is a place where employees know they are part of something that is bigger than themselves, take exceptional pride in their work and never settle for what was good enough yesterday. Vanderbilt's mission is to advance health and wellness through preeminent programs in patient care, education, and research.

Unit Summary Welcome to the Vanderbilt Internal Medicine Clinic and Pediatrics Practice. The clinic is located in Medical Center East (7th floor), North Tower, at Vanderbilt University Medical Center. We provide primary care and consultation services for patients in Adult Internal Medicine as well as sub-specialties in Pediatrics, Acute Medicine, Palliative Care and Geriatrics. There are four Suites (Suites 1 - 4) with a total of 44 exam rooms, including 4 treatment rooms. The patient volume for the overall practice is, approximately, 50,000 visits annually. Our excellent, service-oriented patient care is directed and/or delivered by the collaborative, team-focused efforts of an interdisciplinary healthcare provider team including Attending Physicians, Intern and Resident Physicians and Fellows. The Leadership Team is comprised of a Medical Director, a Clinic Manager, an Administrative Manager, a Charge Nurse and an Administrative Assistant. Clinic staff members include Registered Nurses, Licensed Practical Nurses, Patient Care Technicians, Medical Assistants, and Patient Services Representatives. Various support resources are also available, such as, social work, referral specialists, laboratory and radiology. We are committed to providing excellent service to our patients and a supportive and caring work environment for our staff.

Your Role Supports the licensed healthcare team members in the provision of patient care to include direct patient care, providing healthcare information to patients/families, and following established plan of care. Works in close collaboration with the RN or a licensed healthcare team member to evaluate the patient's plan of care and progress toward goal attainment. All patient care activities are undertaken with the delegation/supervision of a licensed professional in accordance with VUMC standards and licensure regulations

Our Nursing Philosophy We believe highly skilled and specialized nursing care is essential to Vanderbilt University Medical Center's mission of quality in patient care, education and research. We believe nursing is an applied art and science focused on helping people, families and communities reach excellent health and well-being.
